

XPesa Creators

Privacy Policy

How we collect, use, and protect your information

Effective Date: May 2026

[XPesacreators.xyz](https://xpesacreators.xyz)

Privacy Policy

Last updated: May 2026. This Privacy Policy explains how XPesa Creators ("XPesa", "we", "us", or "our") collects, uses, discloses, and protects information about you when you use our platform at XPesacreators.xyz (the "Platform"). By using XPesa, you agree to the practices described in this policy.

1. Who We Are

XPesa Creators is an early-stage creator monetization platform operated by an individual founder based in Kenya. We enable creators to monetize digital content and links, and facilitate payments in USDC on the Avalanche blockchain with M-Pesa withdrawal support. We are not currently a registered legal entity; formal registration is in progress. Our contact email is info@XPesacreators.xyz.

2. Information We Collect

2.1 Information You Provide Directly

- Full name and display name
- Email address
- Profile photo / avatar
- Bio and handle (your public username)
- M-Pesa phone number (for withdrawal purposes only)
- Wallet address (your Avalanche-compatible wallet)
- Content you upload (documents, images, files) and links you create
- Payment preferences and pricing you set on your links

2.2 Information Collected Automatically

- Browser type and device information
- Pages visited and time spent on the Platform
- Referrer URLs (how you arrived at a link)
- Transaction data including on-chain transaction hashes
- Session cookies and local storage for authentication

2.3 Blockchain Data

Payments on XPesa are processed on the Avalanche C-Chain. Transaction data including wallet addresses, transaction hashes, amounts, and timestamps are recorded on a public blockchain. This information is publicly accessible and cannot be deleted or

altered by XPesa or by you. By making or receiving a payment on XPesa, you acknowledge that this transaction data is permanently public.

2.4 Information from Third Parties

- Google OAuth: name, email address, and profile photo if you sign in with Google
- Twitter/X OAuth: name, username, and profile photo if you sign in with Twitter/X
- ThirdWeb: wallet connection and smart account data for payment processing
- Kotani Pay: M-Pesa transaction confirmation data when you withdraw earnings
- Supabase: our database and authentication provider who processes data on our behalf

3. How We Use Your Information

We use information we collect for the following purposes:

- To create and manage your account
- To enable you to create, publish, and manage payment links
- To process payments between fans and creators
- To verify your identity and prevent fraud
- To facilitate M-Pesa withdrawals via Kotani Pay
- To display your public creator profile at [XPesacreators.xyz/\[handle\]](https://XPesacreators.xyz/[handle])
- To send you transactional notifications about payments received
- To enforce our Terms of Service and detect abuse
- To improve the Platform through aggregated analytics
- To comply with legal obligations

We do not sell your personal information. We do not use your information for advertising purposes.

4. Legal Basis for Processing

We process your personal data on the following legal bases:

- Contract performance: processing necessary to provide the XPesa service to you
- Legitimate interests: fraud prevention, security, and platform improvement
- Consent: where you have explicitly agreed, such as optional marketing communications
- Legal obligation: where required by applicable law

5. How We Share Your Information

5.1 With Other Users

Your public creator profile (display name, handle, bio, avatar, and active links) is visible to anyone who visits your creator page. Your wallet address is shared with fans in the context of payment verification but is not displayed publicly on your profile.

5.2 With Service Providers

We share data with the following third-party service providers who process data on our behalf:

- Supabase (Ireland/US): database, authentication, and file storage
- ThirdWeb (US): wallet connection and smart account infrastructure
- Kotani Pay (Kenya): M-Pesa offramp and currency conversion
- Upstash (US): Redis caching for session and access token management
- Avalanche Network: public blockchain for payment settlement
- Anthropic (US): AI-powered link description generation (Claude API)

Each service provider is bound by data processing agreements and may only use your data for the specific purposes we have engaged them for.

5.3 Legal Requirements

We may disclose your information if required by law, court order, or government authority, or if we believe disclosure is necessary to protect the rights, property, or safety of XPesa, our users, or the public.

5.4 Business Transfers

If XPesa is acquired, merged, or undergoes a change in ownership, your information may be transferred as part of that transaction. We will notify you before your information becomes subject to a different privacy policy.

6. Data Retention

We retain your personal information for as long as your account is active or as needed to provide services. Specifically:

- Account data: retained until account deletion, then 30 days for backup purposes
- Transaction records: retained for 7 years for financial record-keeping purposes
- Access tokens: deleted automatically when they expire (per the expiry you set)
- Uploaded content: deleted within 30 days of link deletion
- IP address hashes: retained for 90 days for fraud detection
- Blockchain data: permanent — cannot be deleted from the public blockchain

7. Data Security

We implement the following security measures to protect your data:

- Gate link destination URLs are encrypted at rest using AES-256-GCM
- Uploaded documents and file packs are stored in a private storage bucket with no public access
- Content is served via short-lived signed URLs (30-second expiry) — never via permanent public links
- Access tokens are wallet-bound — only the wallet that paid can access the content
- All data in transit is encrypted via HTTPS/TLS
- Mobile numbers are stored encrypted and only used for withdrawal processing

Despite these measures, no internet transmission or storage system is 100% secure. We cannot guarantee absolute security of your data.

8. Your Rights

Depending on your location, you may have the following rights regarding your personal data:

- Access: request a copy of the personal data we hold about you
- Correction: request correction of inaccurate or incomplete data
- Deletion: request deletion of your account and associated personal data
- Portability: request your data in a structured, machine-readable format
- Objection: object to processing based on legitimate interests
- Restriction: request that we limit processing of your data in certain circumstances

To exercise any of these rights, email us at info@XPesacreators.xyz. We will respond within 30 days. Note that some data (blockchain transactions) cannot be deleted due to the immutable nature of public blockchains.

9. Cookies and Tracking

We use the following types of cookies and similar technologies:

- Essential cookies: required for authentication and session management — cannot be disabled
- Functional cookies: remember your preferences and settings
- Analytics: we use aggregated, anonymous analytics to understand Platform usage

We do not use advertising or tracking cookies. We do not share cookie data with advertisers.

10. Children's Privacy

XPesa is not directed at children under 18 years of age. We do not knowingly collect personal information from children. If you believe a child has provided us with personal information, please contact us and we will delete it promptly.

11. International Data Transfers

XPesa operates from Kenya but uses service providers located in the United States, Ireland, and other jurisdictions. By using XPesa, you consent to the transfer of your information to these jurisdictions, which may have different data protection laws than your country of residence.

12. Third-Party Links

XPesa enables creators to gate external links (Google Drive, Notion, Telegram, etc.). We are not responsible for the privacy practices of these third-party platforms. Once you access a destination URL revealed by XPesa, you are subject to that platform's privacy policy.

13. Changes to This Policy

We may update this Privacy Policy from time to time. We will notify you of material changes by posting a notice on the Platform or by email. Your continued use of XPesa after changes take effect constitutes acceptance of the revised policy. We will always display the date this policy was last updated at the top of this page.

14. Contact Us

If you have questions, concerns, or requests regarding this Privacy Policy, please contact us at:

XPesa Creators

Email: info@XPesacreators.xyz

Website: XPesacreators.xyz

We will respond to all privacy-related inquiries within 30 days.
